Beware of Scrofula

Scrofula is probably more general than any other disease. It is insidious in character, and manifests itself in running sores, pustular eruptions, boils, swellings, enlarged joints, abscesses, sore eyes, etc. Hood's Sarsaparilla expels all trace of scrofula from the blood, leaving it pure, enriched, and healthy.

"I was severely afflicted with scrofula, and for over a year had two running sores on my neck. Took five bottles of Hood's Sarsaparilla, and consider myself cured." C. E. LOVEJOY, Lowell, Mass.

C. A. Arnold, Arnold, Me., had scrofulous sores for seven years, spring and fall. Hood's Sarsaparilla cured him.

Salt Rheum

William Spies, Elyria, O., suffered greatly from erysipelas and salt rheum, caused by handling tobacco. At times his hands would crack open and bleed. He tried various preparations without aid; finally took Hood's Sarsaparilla, and now says: "I am entirely well."

"My son had salt rheum on his hands and on the calves of his legs. He took Hood's Sarsaparilla and is entirely cured." J. B. STANTON, Mt. Vernon, Ohio.

Sold by all druggists. $1; six for $5. Made only by C. I. HOOD & CO., Lowell, Mass.

A Diabolical Attempt at Murder.

By Telegraph to THE SENTINEL.

HUNTINGDON, Pa., Aug. 15.—A diabolical attempt at murder was made at Anderson, near here, last night. As Foreman Thomos Crepp was walking on the railway track he was set upon by two tramps and knocked down and gagged. After stealing his watch and a check for his month's salary, which he had just received, the miscreants tied him to the track and left him to his fate. By frantic efforts he worked himself partially free, but a passing freight train cut off one of the fingers of his left hand.

A LOCAL BANDIT.

Frank Martin Robs the Residents of Aboit Township and Defies Arrest in the Big Woods There.

Last night Frank Martin entered the stable of Ad Francis, who lives at the Boot Jack, in Aboit township. He stole all the harness Mr. Francis owned and carried it to the woods, a mile or two distant, where he has a fort erected out of logs, with a camp outfit, stolen from the farm of Mr. J. H. Bass, to cover it over. This is the fellow who forged an order on Alex. Martin a week ago and afterward stole a suit of clothes from Ad Crawford, of Aboit township. From Mr. Crawford he stole two revolvers and a package of cartridges. He has a breech loading shot gun, and thus armed the desperado defies arrest, and the people out there are a little slow to approach his camp. Sheriff Nelson and Ed Clausmeyer, his deputy, went out this morning armed and determined take Martin, if it costs a life or more. The place where the fellow stays is a dense thicket and the sheriff and his posse will have to pick a path through it. The place has never been thoroughly explored and this will give an idea what kind of a task it will be to catch the outlaw, who is inflated enough to believe he can introduce border life in Allen county. Mr. Martin will come in dead or alive.

THE HALES AIRED.

The Story of an Attempt to Hang Them in Wabash County. —The Romance Continues.

The Wabash *Plain-Dealer* copies the interview with Garland Hale from THE SENTINEL and adds that during the first year of the war there was a vast amount of political feeling between the Hale family and one Henry White, who by the way was an uncle of the Hale boys. On the day when the supposed "mob" occurred, White was at Hale's house, and the conversation naturally drifted into politics, when White, then and now an ardent republican, remarked:

Any person who voices such treasonable sentiments ought to be hung!

That night the Hale boys "laid for" their uncle, who was walking homeward down the road alone; and, as Garl says in the interview, "I had a cudgel and struck him a blow in the neck, which sent him very nigh to death's door." But as the "door" remained closed White lived to have the boys arrested for assault and battery. The preliminary hearing was held in LaGro before a justice of the peace, and the boys were bound over to the common pleas court. Hon. Calvin Cowgill was the attorney for the state in both trials, and Judge Wood was in no way connected with it. Major Kidd was prosecuting attorney at that time, and his deputy was Mr. Wood, then a law student in Marion; so it is sheer folly for the Hales to attribute any prejudice to Judge Wood on that score.

Death of Hon. John A. Stein.

Hon. John A. Stein, one of the most prominent citizens of Indiana, died at his home, in Lafayette, yesterday. He was the father of Orth Stein, long city editor of Nelson and Morss' Kansas City *Star*, was an influential republican politician, and a prominent lawyer. He first entered the law firm of Orth, Bracket & Stein. In 1856 he was a candidate for the position of supreme court reporter on the republican ticket. His party was then in the minority and he was defeated. April 20, 1861, he was united in marriage to Miss Virginia Tomlinson, at Logansport. That same year he had enlisted as lieutenant in the company of Major, then Captain, Taylor, of the tenth regiment Indiana volunteers, subsequently he was appointed adjutant general on Gen. T. A. Morris' staff, and served with him through the West Virginia campaign. After his return from the army he resumed his law practice at Lafayette, and in 1866 was elected to the state senate on the republican ticket. He was a prominent and influential member of that body during his term, and was author of the bill which gave to Tippecanoe county Purdue university. In recognition of his services he has been retained as trustee of that institution, and at the time of his death, and for some years previous, was secretary of the board.

THE BATTLE OF FALLEN TIMBERS.

The approaching celebration of the battle of Fallen Timbers, says the Toledo *Bee*, to take place next Thursday, August 30, at Turkey Foot Rock, is looked forward to with much interest by the old pioneers of the Maumee valley. That day is the ninety-first anniversary of the battle, and the scene is about three miles above South Toledo in Lucas county. It was the scene of a most signal defeat of the Indians by a force of Americans under command of General Anthony Wayne. The Indians were effectually routed and sought refuge within Fort Miami, then garrisoned by British soldiers. The battle was fought under an intrepid leader, by a horde of savages numbering two thousand or more. The victory was most decisive and terminated the hostile movements of the Indian tribes towards the white settlers for nearly eighteen years thereafter. The battle occurred in a strip of woods covered with fallen timber that had previously swept to the earth by a violent tornado. From this it derived its name. Some time afterwards an Indian cut the track of a turkey's foot with his tomahawk in a huge boulder, which lies on the battlefield, and is still to be seen.

The place can be reached by wagon from all directions, and by rail from the north and south, and everybody is invited, whether pioneer or not, to attend the gathering next Thursday. On this battle field a pioneer's meeting was held the 20th of August last, when D. W. H. Howard, Gen. John C. Lee, Hon. Asher Cook, Hon. R. C. Lemmon, Hon. Thos. Dunlap and F. R. Warren were appointed a committee to concert measures to secure a suitable memorial, marking permanently this historic ground. The committee will submit its report of progress at the meeting to be held there next Thursday. That report will, among other things, contain a recommendation for the organization of a memorial association of a corporate character, which can take title to and have legal control of all memorials and memorial grounds in the Maumee valley, from the mouth of Swan Creek, at Toledo, to Fort Wayne, Ind., if they are not otherwise cared for. A large gathering is anticipated.

Old friends are the best. The formula by which Mishler's Herb Bitters are compounded is over two hundred years old, and of German origin. This medicine is not for a moment to be compared with the cheap concoctions that flood the American market for the kidneys and liver. Mishler's Herb Bitters are a certain remedy for purifying the blood and secretions, dyspepsia, liver complaint, cramp in the stomach and indigestion, fever and ague and periodical complaints. It is a pure and wholesome appetizer, a tonic without a rival.

You are hereby notified that the mayor and common council of the city of Fort Wayne, Indiana, will present the following petition to the Board of Commissioners of Allen county, Indiana, on the first Monday of September next, being the 7th day of September, 1885, and will then and there ask that said petition be granted:

RESOLUTION AND DESCRIPTION OF LOTS AND LANDS RELATING TO THE CITY LIMITS.

Be it Resolved, That the Common Council of the city of Fort Wayne do petition the board of commissioners of Allen county, Indiana, at their first regular meeting after due notice by publication, for the annexation to the said city of the lands and territory not laid off in lots embraced in the list hereto attached, and that the city civil engineer be and he is hereby directed to file therewith his verified maps and survey of said lands and territory and that due notice of the pendency of said petition be given to the owners of said lands and territory by publication in THE FORT WAYNE DAILY SENTINEL, said petition to be as follows.

To the Honorable Board of Commissioners of Allen County, State of Indiana.

Your petitioners, the mayor and common council of the city of Fort Wayne, do respectfully petition your honorable body to annex to the said city of Fort Wayne the lands and territory set out and fully described by metes and bounds, with names of owners, in the list filed herewith and marked Exhibit "A." All of said lands and territory are contiguous to said city and not laid off in lots, and the owners will not consent to the annexation thereof. The reasons for the annexation thereof are because the growth of said city and her business interests require it. The vicinity adjacent to said lands and territory is thickly populated and greatly in need, as well as said territory itself, of streets, alleys and sidewalks, which ought to be opened and constructed through and upon said lands and territory. That public health and convenience require that said lands and territory should be under the jurisdiction of said city in order that the same may be drained by sewers and ditches and lighted with gas, and it is necessary the city should have jurisdiction over the same for the purpose of enforcing ordinances and police regulations for the protection of property and persons and for the peace and welfare of the citizens of said city. That petitioners have filed herewith and made a part hereof the plat and maps of said lands and territory, duly verified and marked Exhibit "B."

City papers continue to write up S. Elwood Gross. He is not much worse than other people who are not written up when they leave town. No Mystery About It.

There are no mysteries or secrets about the compounding of Brown's Iron Bitters. The preparation of iron is the only one that can be taken without injuring the teeth or stomach. It gives vigor to the feeble, life to the debilitated, and health to the dyspeptic. You need not fear to give it to the most delicate child. Mrs. Emma Williams, of Starkweather, Miss., says: "It relieved my daughter of dyspepsia, and myself of general debility."

East-Bound Freight Rates.

The Chicago east-bound roads have concluded that it is very hard to be good. They have found that virtue does not pay dividends, and have concluded to make rates on freights to suit themselves, without obeying the tariff ordered by general agreement. Chicago this time puts the blame on St. Louis. St. Louis has, notwithstanding its many and long-continued protestations, cut the rates to such low figures that the lines here could not afford to sit by and watch without following suit. This puts the Pittsburg, the Nickel Plate and the Wabash into the arena with four or five other lines, and lively rate cutting is anticipated. It might be remarked that of all the trunk lines the Nickel Plate alone changed tariff rates.

The Kirtley House.

In the suit of Rebecca Davis against Ckarles W. Chapman, Judge Woods yesterday ruled for the plaintiff. The parties were originally half owners of the Kirtley house at Warsaw, and Chapman bought in under tax sale and claimed sole ownership under this title, which he has held for five years. The court held that, under the circumstances, he had no right to purchase the hotel at a tax sale, and that the tax title is invalid, because the property is in two parts and was sold as a whole.

Eczema!

For the benefit of suffering humanity, and in heartfelt gratitude at the wonderful result, I deem it only my duty to give this unsolicited testimony in favor of Swift's Specific. My wife has been afflicted with hereditary Eczema or Salt Rheum from her infancy. It has increased in intensity with each succeeding spring, and being somewhat skilled in medicine myself, I tried every remedy I could think of for years-Sarsaparilla combined with every form of Potassiæ, and hundreds of other remedies, lotions and alkali washes of every known kind, but they all gave only temporary relief. During the spring of 1884 her lower extremities became so inflamed and sore that she was obliged to keep them constantly coated with a cover of "Fuller's Earth," mixed wet and allowed to dry on. Among other things, she was inflicted with a periodical nervous headache, occurring regularly every seven days, sometimes followed by an intermittent fever for weeks at a time, so that her life became a burden to her.

This spring I determined she should take S. S. S. and follow strictly the directions in regard to dose, diet, etc. This was about seven weeks ago. After taking the first large bottle the disease seemed to increase; the burning, itching and inflammation became unbearable. She, however, persevered in the use of the medicine. After taking the second bottle the inflammation began to subside. After the third bottle the inflammation disappeared and sore spots dried up and turned white and scaly, and finally she brushed them off in an impalpable white powder resembling pure salt. She is now taking the sixth bottle, three tablespoonful four times daily. Every appearance of the disease has gone, and her flesh is becoming soft, white and smooth again; and what is more, her periodical headaches have disappeared and she is now, at 53 years of age, enjoying the only good health she has known for upwards of 40 years. No wonder she declares with emphasis that every bottle of S. S. S. is worth a thousand times its weight in gold.

Any further information concerning her case will be cheerfully given by herself at her residence, 135 Mullett street, or by me

Fort Wayne Paint and Color Works,

No. 12 West Columbia Street Fort Wayne, Indiana.

To Painters

And others wanting First-class Paints: Do you know that you have in Fort Wayne a Manufacturer of Mixed Paint and Grinder of Colors, where you can buy your Paints from first hand instead of paying the middle man his profits, which are from 25 to 33⅓ per cent. O. L. STARKEY, the Painter and proprietor of the Fort Wayne Paint and Color Works, came to Fort Wayne in April, 1856, and is identified as one of the old citizens who has helped build up Fort Wayne, and his knowledge of Paints and the composition of pigments to form different shades and tints is well-known to the public, and his long practical experience in painting gives him the knowledge of Paints that a mere dealer cannot have for he does not know anything about Paints, as he buys them sealed up and he cannot tell you what it takes to make this or that shade. All he knows is what the label on the can says. Neither can he tell you shades that will or will not fade. By buying your Paints of O. L. STARKEY you can get all the information you want. I am making Liquid Paints in all shades and colors; also the same shades and colors in paste form, the same thickness as white lead and requires thinning down the same as white lead. In making the different shades my formulas are all registered giving the amount of each color it takes to form certain shades all thoroughly mixed together in the powder mills, then wet down and run through a mixing machine, and from there to the mills where it is all ground together making a pigment that cannot be made by hand. Call or send and get some of my sample cards of colors and tints; also see elevations of gothic houses colored up with four and five shades, which will give you a good idea how to paint and ornament the outside of your houses.

I say again, do not buy of the middle man if you want to save money. I will guarantee my prices and quality of goods with any manufacturer in the United States.

The sad intelligence has been received here of the death, at Cincinnati, of Louis, oldest son of Mr. and Mrs. Sol. Wise, of Logansport, after an illness of four weeks, of typhoid fever. The young man has frequently visited here.

John P. Emerick, of Pleasant township, offers $100 reward for a person who has been poisoning horses, cattle and dogs for some time in that precinct. It is believed a sort of "moonshiner" organization flourishes in the township.

In the calendar of the Roman Catholic church this is Lady Day, and communicants of that faith observe it with great selemnity. Rt. Rev. Bishop Rademacher, of Nashville, Tenn., celebrated pontifical high mass at the cathedral this morning.

Judge O'Rourke, sitting in his studio, denied the application of William Shutt, of DeKalb county, for a receiver for Peter A. Emerick, proprietor of the Hursh mills in Cedar Creek township. Conductor Severance, of the Wabash, had an unruly darkey on board his train Friday afternoon, whom he was obliged to "bounce" at Antwerp, Ohio. The fellow was a big burly ruffian, and had to be pretty roughly handled, but Severance was equal to the emergency.

The flag and colors of the fifty-seventh Indiana infantry were captured by the confederates at the battle of Franklin, Tenn., by Wiley M. Crook, of company I, thirteenth Tennessee confederate infantry, who is now a resident of Bruce, Johnson county, Texas. The survivors of the fifty-seventh Indiana will receive this information with great satisfaction.

HE WOULDN'T PAY.

A Fort Wayne Conductor Arrested for Handling Captain Smith.

Conductor Anderson, of this city, was arrested at Kendallville yesterday for an assault on Capt. John Smith, of that village. The trial is set for next Friday and Supt. P. S. O'Rourke will support his company's employe, and has instructed Judge Chapin, attorney for the Grand Rapids and Indiana road, to take charge of the matter. The difficulty originating the suit occurred about the opening day of the assembly. The Captain had an assembly excursion railroad ticket, which he had failed to have stamped at the assembly ticket office, as it expressly provided should be done to be good for return. The conductor insisted upon payment of fare, the captain refused and a wrangle ensued, which was finally pacified by a friend of the captain paying the fare, 25 cents. In the meantime the conductor had laid hands on the captain to put him off, and for this the action is brought. The captain's theory is that the company has no right to enforce the conditions they had placed upon their tickets. This will involve a constitutional question, and if made in earnest will carry the case to the highest court.

Captain Cook Resigns as Mail Carrier.

Capt. John Cook, recently appointed United States mail carrier from the Sixth ward, yesterday resigned the place because of his physical inability to stand the hard wotk. When a lad Mr. Cook sustained injuries that react when he strains himself, and his physician, Dr. Whery, advised him to quit the service. He did so with the best of feeling, and this morning Frank Alter, of the Seventh ward, was selected by Postmaster Kaough to fill Mr. Cook's place. Mr. Alter was long deputy city assessor, is a bright young fellow of good family and he was highly recommended for the service by his democratic friends.

The Right Thing.

The Warsaw *Times*, with THE SENTINEL, rebukes the Iowa correspondent for attacking Mace Long, and says: "We coincide with THE SENTINEL in regard to its endorsement of Mason Long, as we know him personally to be a sincere worker in the cause of temperance. It is utterly impossible for a temperance lecturer to go over the country without getting pay from somebody. They cannot live on wind. But as soon as a way is suggested to pay expenses you always find a set of people ready to howl them down. We are down on such demagogues. If there were more men like Mason Long there would not be near so many infernal hell holes in the country, leading young men to destruction."

Unnecessary Precaution.

We earnestly hope that no soldier who attends the reunion at Fort Wayne will go near a saloon. Let it not be said after the close of the encampment that any veteran from Kosciusko county was drunk. Comrades, go have a good time, renew your acquaintances, but let the flowing bowl alone.—*Warsaw Times*.

Newspapers and temperance people annoy themselves entirely too much about the soldiers, who are as well able to take care of themselves and far better than some of their counsellors. It is tiresome to see every newspaper and every temperance apostle advising soldiers not to get drunk. The old warriors have distinguished themselves in every walk in life since the civil struggle and all are able and intelligent citizens, and this business of assuming a guardianship over them is disgustingly silly.

Death of Mrs. Ellen Simenton.

Intelligence of the death of Mrs. Ellen Simenton has just reached here. She was the wife of Hiram Simenton, formerly of this city, who writes of his wife's death at Herdenando county, Fla., July 24. Mrs. Simenton was born in Dublin, Ireland, in 1880. She was thrice married and leaves six children to mourn the loss of a loving mother. Her oldest son, John A. Simonton, is in business at Syracuse, N. Y. Her daughter, Mrs. Maria Lynch, lives in Florida. Another child, Mrs. Sarah Lynch, live at Carrol, Iowa. She has a son, John P. Simonton, an attorney at law in Washington, and two other sons, William and George S., reside in Fort Wayne. Mrs. Simonton came here when this place was a wilderness and for upwards of fifty years she lived in this county. She was a most estimable lady and the old residents of the city and county with new ones will mourn the loss of a dear friend. Her remains will be brought here for interment in the fall.

Southern Antidote for Malaria.

It should be generally known that Simmons Liver Regulator is relied upon to secure to the people immunity from all malarial disorders. That this medicine does what is claimed for it is proved by its popularitp, and anyone who has lived in the south three years has no doubt seen its curative effects and the protection it gives against the return of this weakening and dangerous malady.

Beware of Scrofula

Scrofula is probably more general than any other disease. It is insidious in character, and manifests itself in running sores, pustular eruptions, boils, swellings, enlarged joints, abscesses, sore eyes, etc. Hood's Sarsaparilla expels all trace of scrofula from the blood, leaving it pure, enriched, and healthy.

"I was severely afflicted with scrofula, and for over a year had two running sores on my neck. Took five bottles of Hood's Sarsaparilla, and consider myself cured." C. E. LOVEJOY, Lowell, Mass.

C. A. Arnold, Arnold, Me., had scrofulous sores for seven years, spring and fall. Hood's Sarsaparilla cured him.

Salt Rheum

William Spies, Elyria, O., suffered greatly from erysipelas and salt rheum, caused by handling tobacco. At times his hands would crack open and bleed. He tried various preparations without aid; finally took Hood's Sarsaparilla, and now says: "I am entirely well."

"My son had salt rheum on his hands and on the calves of his legs. He took Hood's Sarsaparilla and is entirely cured." J. B. STANTON, Mt. Vernon, Ohio.

A Diabolical Attempt at Murder.

By Telegraph to THE SENTINEL.

HUNTINGDON, Pa., Aug. 15.—A diabolical attempt at murder was made at Anderson, near here, last night. As Foreman Thomas Crepp was walking on the railway track he was set upon by two tramps and knocked down and gagged. After stealing his watch and a check for his month's salary, which he had just received, the miscreants tied him to the track and left him to his fate. By frantic efforts he worked himself partially free, but a passing freight train cut off one of the fingers of his left hand.

A LOCAL BANDIT.

Frank Martin Robs the Residents of Aboit Township and Defies Arrest in the Big Woods There.

Last night Frank Martin entered the stable of Ad Francis, who lives at the Boot Jack, in Aboit township. He stole all the harness Mr. Francis owned and carried it to the woods, a mile or two distant, where he has a fort erected out of logs, with a camp outfit, stolen from the farm of Mr. J. H. Bass, to cover it over. This is the fellow who forged an order on Alex. Martin a week ago and afterward stole a suit of clothes from Ad Crawford, of Aboit township. From Mr. Crawford he stole two revolvers and a package of cartridges. He has a breech loading shot gun, and thus armed the desperado defies arrest, and the people out there are a little slow to approach his camp. Sheriff Nelson and Ed Clausmeyer, his deputy, went out this morning armed and determined take Martin, if it costs a life or more. The place where the fellow stays is a dense thicket and the sheriff and his posse will have to pick a path through it. The place has never been thoroughly explored and this will give an idea what kind of a task it will be to catch the outlaw, who is inflated enough to believe he can introduce border life in Allen county. Mr. Martin will come in dead or alive.

THE HALES AIRED.

The Story of an Attempt to Hang Them in Wabash County. —The Romance Continues.

The Wabash *Plain-Dealer* copies the interview with Garland Hale from THE SENTINEL and adds that during the first year of the war there was a vast amount of political feeling between the Hale family and one Henry White, who by the way was an uncle of the Hale boys. On the day when the supposed "mob" occurred, White was at Hale's house, and the conversation naturally drifted into politics, when White, then and now an ardent republican, remarked:

Any person who voices such treasonable sentiments ought to be hung!

That night the Hale boys "laid for" their uncle, who was walking homeward down the road alone; and, as Garl says in the interview, "I had a cudgel and struck him a blow in the neck, which sent him very nigh to death's door." But as the "door" remained closed White lived to have the boys arrested for assault and battery. The preliminary hearing was held in Ladiro before a justice of the peace, and the boys were bound over to the common pleas court. Hon. Calvin Cowgill was the attorney for the state in both trials, and Judge Wood was in no way connected with it. Major Kidd was prosecuting attorney at that time, and his deputy was Mr. Wood, then a law student in Marion; so it is sheer folly for the Hales to attribute any prejudices to Judge Wood on that score.

Death of Hon. John A. Stein.

Hon. John A. Stein, one of the most prominent citizens of Indiana, died at his home, in Lafayette, yesterday. He was the father of Orth Stein, long city editor of Nelson and Morss' Kansas City *Star*, was an influential republican politician, and a prominent lawyer. He first entered the law firm of Orth, Bracket & Stein. In 1856 he was a candidate for the position of supreme court reporter on the republican ticket. His party was then in the minority and he was defeated. April 20, 1861, he was united in marriage to Miss Virginia Tomlinson, at Logansport. That same year he had enlisted as lieutenant in the company of Major, then Captain, Taylor, of the tenth regiment Indiana volunteers, subsequently he was appointed adjutant general on Gen. T. A. Morris' staff, and served with him through the West Virginia campaign. After his return from the army he resumed his law practice at Lafayette, and in 1866 was elected to the state senate on the republican ticket. He was a prominent and influential member of that body during his term, and was author of the bill which gave to Tippecanoe county Purdue university. In recognition of his services he has been retained as trustee of that institution, and at the time of his death, and for some years previous, was secretary of the board.

THE BATTLE OF FALLEN TIMBERS.

The approaching celebration of the battle of Fallen Timbers, says the Toledo *Bee*, to take place next Thursday, August 20, at Turkey Foot Rock, is looked forward to with much interest by the old pioneers of the Maumee valley. That day is the ninety-first anniversary of the battle, and the scene is about three miles above South Toledo in Lucas county. It was the scene of a most signal defeat of the Indians by a force of Americans under command of General Anthony Wayne. The Indians were effectually routed and sought refuge within Fort Miami, then garrisoned by British soldiers. The battle was fought under an intrepid leader, by a horde of savages numbering two thousand or more. The victory was most decisive and terminated the hostile movements of the Indian tribes towards the white settlers for nearly eighteen years thereafter. The battle occurred in a strip of woods covered with fallen timber that had previously swept to the earth by a violent tornado. From this it derived its name. Some time afterwards an Indian cut the track of a turkey's foot with his tomahawk in a huge boulder, which lies on the battlefield, and is still to be seen.

The place can be reached by wagon from all directions, and by rail from the north and south, and everybody is invited, whether pioneer or not, to attend the gathering next Thursday. On this battle field a pioneer's meeting was held the 20th of August last, when D. W. H. Howard, Gen. John C. Lee, Hon. Asher Cook, Hon. R. C. Lemmon, Hon. Thos. Dunlap and F. R. Warren were appointed a committee to concert measures to secure a suitable memorial, marking permanently this historic ground. The committee will submit its report of progress at the meeting to be held there next Thursday. That report will, among other things, contain a recommendation for the organization of a memorial association of a corporate character, which can take title to and have legal control of all memorials and memorial grounds in the Maumee valley, from the mouth of Swan Creek, at Toledo, to Fort Wayne, Ind., if they are not otherwise cared for. A large gathering is anticipated.

Be it Resolved, That the Common Council of the city of Fort Wayne do petition the board of commissioners of Allen county, Indiana, at their first regular meeting after due notice by publication, for the annexation to the said city of the lands and territory not laid off in lots embraced in the list hereto attached, and that the city civil engineer be and he is hereby directed to file therewith a verified maps and survey of said lands and territory, and that due notice of the pendency of said petition be given to the owners of said lands and territory by publication in THE FORT WAYNE DAILY SENTINEL, said petition to be as follows.

To the Honorable Board of Commissioners of Allen County, State of Indiana:

Your petitioners, the mayor and common council of the city of Fort Wayne, do respectfully petition your honorable body to annex to the said city of Fort Wayne the lands and territory set out and fully described by metes and bounds, with names of owners, in the list filed herewith and marked Exhibit "A." All of said lands and territory are contiguous to said city and not laid off in lots, and the owners will not consent to the annexation thereof. The reasons for the annexation thereof are because the growth of said city and her business interests require it. The vicinity adjacent to said lands and territory is thickly populated and greatly in need, as well as said territory itself, of streets, alleys and sidewalks, which ought to be opened and constructed through and upon said lands and territory. That public health and convenience require that said lands and territory should be under the jurisdiction of said city in order that the same may be drained by sewers and ditches and lighted with gas, and it is necessary the city should have jurisdiction over the same for the purpose of enforcing ordinances and police regulations for the protection of property and persons and for the peace and welfare of the citizens of said city. That petitioners have filed herewith and made a part hereof the plat and maps of said lands and territory, duly verified and marked Exhibit "B."

HERMAN MICHAEL.

City papers continue to write up S. Elwood Gross. He is not much worse than other people who are not written up when they leave town. It is human, it seems, for a certain class to seize strangers and pet them warmly. If Mr. Gross defrauded any of these individuals he deserves pardon for all other offenses.

The colored people of Grant county will hold an old fashioned camp meeting on their old camp ground in Weaver's grove, Liberty township, commencing on the 14th and closing on the 23d of August. Quite a number of prominent colored ministers will be present, among whom are Jason Bundy, of Indianapolis; B. J. Colman, of Fort Wayne; J. J. Hill, of Wabash; Daniel Burden and Richard Titus, of Marion.

No Mystery About It.

There are no mysteries or secrets about the compounding of Brown's Iron Bitters. The preparation of iron is the only one that can be taken without injuring the teeth or stomach. It gives vigor to the feeble, life to the debilitated, and health to the dyspeptic. You need not fear to give it to the most delicate child. Mrs. Emma Williams, of Starkweather, Miss., says: "It relieved my daughter of dyspepsia, and myself of general debility."

East-Bound Freight Rates.

The Chicago east-bound roads have concluded that it is very hard to be good. They have found that virtue does not pay dividends, and have concluded to make rates on freights to suit themselves, without obeying the tariff ordered by general agreement. Chicago this time puts the blame on St. Louis. St. Louis has, notwithstanding its many and long-continued protestations, cut the rates to such low figures that the lines here could not afford to sit by and watch without following suit. This puts the Pittsburg, the Nickel Plate and the Wabash into the arena with four or five other lines, and lively rate cutting is anticipated. It might be remarked that of all the trunk lines the Nickel Plate alone changed tariff rates.

The Kirtley House.

In the suit of Rebecca Davis against Charles W. Chapman, Judge Woods yesterday ruled for the plaintiff. The parties were originally half owners of the Kirtley house at Warsaw, and Chapman bought in under tax sale and claimed sole ownership under this title, which he has held for five years. The court held that, under the circumstances, he had no right to purchase the hotel at a tax sale, and that the tax title is invalid, because the property is in two parts and was sold as a whole.

Eczema!

For the benefit of suffering humanity, and in heartfelt gratitude at the wonderful result, I deem it only my duty to give this unsolicited testimony in favor of Swift's Specific. My wife has been afflicted with hereditary Eczema or Salt Rheum from her infancy. It has increased in intensity with each succeeding spring, and being somewhat skilled in medicine myself, I tried every remedy I could think of for years. Sarsaparilla combined with every form of Potassia, and hundreds of other remedies, lotions and alkali washes of every known kind, but they all gave only temporary relief. During the spring of 1884 her lower extremities became so inflamed and sore that she was obliged to keep them constantly coated with a cover of "Fuller's Earth," mixed wet and allowed to dry on. Among other things, she was inflicted with a periodical nervous headache, occurring regularly every seven days, sometimes followed by an intermittent fever for weeks at a time, so that her life became a burden to her.

This spring I determined she should take S. S. S. and follow strictly the directions in regard to dose, diet, etc. This was about seven weeks ago. After taking the first large bottle the disease seemed to increase; the burning, itching and inflammation became unbearable. She, however, persevered in the use of the medicine. After taking the second bottle the inflammation began to subside. After the third bottle the inflammation disappeared and sore spots dried up and turned white and scaly, and finally she brushed them off in an impalpable white powder resembling pure salt. She is now taking the sixth bottle, three table spoonful four times daily. Every appearance of the disease has gone, and her flesh is becoming soft, white and smooth again; and what is more, her periodical headaches have disappeared and she is now, at 53 years of age, enjoying the only good health she has known for upwards of 40 years. No wonder she declares with emphasis that every bottle of S. S. S. is worth a thousand times its weight in gold.

Any further information concerning her case will be cheerfully given by herself at her residence, 175 Mullett street, or by me.

Fort Wayne Paint and Color Works,

No. 12 West Columbia Street Fort Wayne, Indiana.

To Painters

And others wanting First-class Paints: Do you know that you have in Fort Wayne a Manufacturer of Mixed Paint and Grinder of Colors, where you can buy your Paints from first hand instead of paying the middle man his profits, which are from 25 to 33⅓ per cent. O. L. STARKEY, the Painter and proprietor of the Fort Wayne Paint and Color Works, came to Fort Wayne in April, 1856, and is identified as one of the old citizens who has helped build up Fort Wayne, and his knowledge of Paints and the composition of pigments to form different shades and tints is well-known to the public, and his long practical experience in painting gives him the knowledge of Paints that a mere dealer cannot have for he does not know anything about Paints, as he buys them sealed up and he cannot tell you what it takes to make this or that shade. All he knows is what the label on the can says. Neither can he tell you shades that will or will not fade. By buying your Paints of O. L. STARKEY you can get all the information you want. I am making Liquid Paints in all shades and colors; also the same shades and colors in paste form, the same thickness as white lead and requires thinning down the same as white lead. In making the different shades my formulas are all registered giving the amount of each color it takes to form certain shades all thoroughly mixed together in the powder mills, then wet down and run through a mixing machine, and from there to the mills where it is all ground together making a pigment that cannot be made by hand. Call or send and get some of my sample cards of colors and tints; also see elevations of gothic houses colored up with four and five shades, which will give you a good idea how to paint and ornament the outside of your houses.

I say again, do not buy of the middle man if you want to save money. I will guarantee my prices and quality of goods with any manufacturer in the United States.

A Fort Wayne Conductor Arrested for Handling Captain Smith.

Conductor Anderson, of this city, was arrested at Kendallville yesterday for an assault on Capt. John Smith, of that village. The trial is set for next Friday and Supt. P. S. O'Rourke will support his company's employe, and has instructed Judge Chapin, attorney for the Grand Rapids and Indiana road, to take charge of the matter. The difficulty originating the suit occurred about the opening day of the assembly. The Captain had an assembly excursion railroad ticket, which he had failed to have stamped at the assembly ticket office, as it expressly provided should be done to be good for return. The conductor insisted upon payment of fare, the captain refused and a wrangle ensued, which was finally pacified by a friend of the captain paying the fare, 25 cents. In the meantime the conductor had laid hands on the captain to put him off, and for this the action is brought. The captain's theory is that the company has no right to enforce the conditions they had placed upon their tickets. This will involve a constitutional question, and if made in earnest will carry the case to the highest court.

Captain Cook Resigns as Mail Carrier.

Capt. John Cook, recently appointed United States mail carrier from the Sixth ward, yesterday resigned the place because of his physical inability to stand the hard work. When a lad Mr. Cook sustained injuries that react when he strains himself, and his physician, Dr. Whery, advised him to quit the service. He did so with the best of feeling, and this morning Frank Alter, of the Seventh ward, was selected by Postmaster Keough to fill Mr. Cook's place. Mr. Alter was long deputy city assessor, is a bright young fellow of good family and he was highly recommended for the service by his democratic friends.

The Right Thing.

The Warsaw *Times*, with THE SENTINEL, rebukes the Iowa correspondent for attacking Mace Long, and says: "We coincide with THE SENTINEL in regard to its endorsement of Mason Long, as we know him personally to be a sincere worker in the cause of temperance. It is utterly impossible for a temperance lecturer to go over the country without getting pay from somebody. They cannot live on wind. But as soon as a way is suggested to pay expenses you always find a set of people ready to howl them down. We are down on such demagogues. If there were more men like Mason Long there would not be near so many infernal hell holes in the country, leading young men to destruction."

Unnecessary Precaution.

We earnestly hope that no soldier who attends the reunion at Fort Wayne will go near a saloon. Let it not be said after the close of the encampment that any veteran from Kosciusko county was drunk. Comrades, go have a good time, renew your acquaintances, but let the flowing bowl alone.—*Warsaw Times*.

Newspapers and temperance people annoy themselves entirely too much about the soldiers, who are as well able to take care of themselves and far better than some of their counsellors. It is tiresome to see every newspaper and every temperance apostle advising soldiers not to get drunk. The old warriors have distinguished themselves in every walk in life since the civil struggle and all are able and intelligent citizens, and this business of assuming a guardianship over them is disgustingly silly.

Death of Mrs. Ellen Simonton.

Intelligence of the death of Mrs. Ellen Simonton has just reached here. She was the wife of Hiram Simonton, formerly of this city, who writes of his wife's death at Hernenando county, Fla., July 24. Simonton, is in business at Syracuse, N. Y. Her daughter, Mrs. Maria Lynch, lives in Florida. Another child, Mrs. Sarah Lynch, live at Carrol, Iowa. She has a son, John P. Simonton, an attorney at law in Washington, and two other sons, William and George S., reside in Fort Wayne. Mrs. Simonton came here when this place was a wilderness and for upwards of fifty years she lived in this county. She was a most estimable lady and the old residents of the city and county with new ones will mourn the loss of a dear friend. Her remains will be brought here for interment in the fall.

Southern Antidote for Malaria.

It should be generally known that Simmons Liver Regulator is relied upon to secure to the people immunity from all malarial disorders. That this medicine does what is claimed for it is proved by its popularity, and anyone who has lived in the south three years has no doubt seen its curative effects and the protection it gives against the return of this weakening and dangerous malady.

Strangers visiting Fort Wayne should sit for Photographs at Jones'. Work sent to any address. 4dlw-4w
